ITEM DESCRIPTION

The collection Small Pieces contains mostly pop and fingerstyle compositions for less advanced guitarists.

I Remember, The Lake of Dream are miniatures referencing pop music. Olawa River Rag, Oslawa River Rag are typical fingerstyle compositions dedicated to guitar pedagogues. Young Jerry and Young Antonio are pieces inspired by artists: pianist, singer and rockabilly/rock and roll songwriter Jerry Lee Lewis and bossa - nova style composer Antonio Carlos Jobim.

Gaudina is an arpeggio miniature actually dedicated to two people. Gaudina is the name of a master luthier's guitar inspired by the architectural style of Antonio Gaudi and made by luthier Bogusław Teryks. The owner of this instrument is Wojciech Krasecki, a

patron of the arts. On this instrument, Kamil Bartnik recorded a CD of works by the Dutch composer Anette Kruisbrink in 2000.
